

# IntelliTouch 50

## One Touch Confirms Compliance

Nothing in business stands still. Not products. Not deadlines. Not profits. And certainly not your workforce.

The IntelliTouch puts information right at employees' fingertips and encourages them to be responsible for their time and attendance record. Hours, meals, breaks and even workplace incidents can all be reported at the end of a shift right at the clock. Accountability and communication—it's about time.

*Employees attest to daily or pay period activity.*

### More than a timestamp. It's interaction with employees.

What sets the IntelliTouch 50 apart is its smart, adaptive behavior. The high definition touch screen and intuitive icons alert employees and supervisors to the action required next.

If you missed a punch... Then enter it.

If you need time off... Then request it.

If you want to know your schedule or vacation balance... Then review it.

Employees have open access to their time and attendance information freeing up Payroll and HR resources for other important activities.

IntelliTouch 50 sends alerts to the supervisor's mobile or desktop letting the supervisor respond wherever and whenever needed.

Employees empowered to identify problems.

## Assistance with Meal and Break Compliance

Employees taking short breaks or lunches can put your company at risk for compliance violations. The IntelliTouch 50 has real time communication capabilities that make available information on last punch, schedules, and benefit balances across all time clocks at your facility. Punch restrictions are enforced at all clocks and early punches and short breaks or lunches are virtually eliminated.

Employees can attest to the accuracy of their time cards and acknowledge their break time on a daily basis or pay period.

### Supervisors can...

- Add punches
- Credit hours/dollars
- Pay Lunch
- Enable/disable punch restrictions
- Transfer employees
- Review employee meal and break time

### Employees can...

- Enter missing punch
- Transfer workgroup
- Add Callback punch
- Enter tips
- Review punches, hours, schedule, benefits
- Request time off
- Acknowledge meal and break time
- Attest to daily shift or pay period activity and compliance
